Programming Skills: Javascript, HTML, CSS, React, Vue, Nuxt, Element-UI, Tailwind CSS, FastAPI, Python

Other: Git, GitHub, Azure DevOps, Jira, Chrome DevTools, Figma

Professional Experience

Airudi   **Montreal, ON (Remote)**
Software Developer   June 2023 - Present

- Collaborated with the design team to create user-friendly Nuxt-based web applications.
- Worked with back-end developers to integrate server-side logic using FastAPI in front-end applications.
- Troubleshot and debugged issues within large codebases to provide timely and efficient resolutions.
- Utilized Azure DevOps to monitor project progress, review the status, and manage tickets across the team, ensuring timely achievement of milestones and equitable distribution of tasks.
- Formulated and executed comprehensive test plans, guaranteeing that the implemented features aligned with the project's design and met user requirements.

Software Developer Intern   Feb 2023 – May 2023

- Oversaw the planning, building, and releasing of a demo application within a four months.
- Proficient in writing clean, modular, and maintainable code using modern JavaScript frameworks.
- Actively participated in code reviews and provided constructive feedback to ensure code quality.

Bluescape Construction Management   **Toronto, ON**
Assistant Project Manager   May 2020 – May 2022

- Developed tracking software through MS Excel to monitor construction progress to ensure the project was completed on schedule, within the budget, and met customer needs.
- Lead the triage of ongoing issues with the customer experience team to effectively prioritize and complete urgent tasks promptly.

Projects

Restaurant Management Web app | Nuxt, Javascript, Element-UI, Tailwind CSS   **Feb 2024 – Present**

- Utilized Nuxt, Element UI library, and Tailwind CSS to develop a responsive front-end application that can process orders, track order history, and store product details to fulfill the business needs of our family restaurant.
- Live Site: https://main--luneil-cafe-management-app.netlify.app/

Portfolio Website | React, Javascript, HTML, CSS   **Dec 2022 – Present**

- Developed a portfolio website using React for personal projects that utilize reusable components to allow for easy website updates.
- Live Site: https://ssenarath.github.io/portfolio-website/

Education

University of Waterloo   **Graduated: April 2020**
Bachelor of Applied Science in Civil Engineering   Waterloo, ON
